Through keynote lectures, scientific paper presentations, workshops, panel discussions, and industry exhibitions, participants will explore emerging technologies, evidence-based practices, and innovative solutions that enhance the quality of life for persons with disabilities, the geriatric population, and all those requiring Prosthetic and Orthotic services.

Beyond the scientific programme, we warmly invite you to experience the rich cultural and spiritual heritage of Ujjain, one of India's oldest and most sacred cities, renowned for the Mahakaleshwar Jyotirlinga.
